

# Open Discussion / Awards and Closing

Tobias Kuhn and Brian Davis

Fourth Workshop on Controlled Natural Language (CNL 2014)

22 August 2014

National University of Ireland, Galway

# Open Discussion

## 1. Future of CNL

## 2. Next Workshop:

- **When?** 2015, 2016
- **Where?** country, hosting institution/group
- **How?** fully independent event, “co-located” event, satellite event
- **Who?** which communities do we want to address in particular?

# Slides and Videos

- Send us your slides or a link to your [slides](#)
- We will make the [videos](#) of the talks available soon
- We will send out a [summary email](#) to all participants and PC members

# Best Paper Award

There is an award for the best paper that comes with 300€.

## Candidates:

- Rolf Schwitter. *Controlled Natural Language Processing as Answer Set Programming: an Experiment*
- Juyeon Kang and Patrick Saint-Dizier. *Towards an Error Correction Memory to Enhance Technical Texts Authoring*
- Karolina Suchowolec. *Are Style Guides Controlled Languages? The Case of Koenig & Bauer AG*
- Stephen Guy and Rolf Schwitter. *Architecture of a Web-based Predictive Editor for Controlled Natural Language Processing*

# Best Paper Award

It was such a difficult decision, so we decided to **split the award** and give it to **two papers**.

And the Best Paper Award goes to ...

*(drums)*

**And the Best Paper Award goes to ...**

Juyeon Kang and Patrick Saint-Dizier.  
Towards an Error Correction Memory to  
Enhance Technical Texts Authoring

**and**

Karolina Suchowolec. Are Style Guides  
Controlled Languages? The Case of Koenig &  
Bauer AG

**Thanks for participating and see you next time!**
